Upon agreeing to supervise this students' independent research topic, you will be required to submit a grade for the student within a week of the last day of class in the term for which the student is registered (please refer to a current Arts & Science calendar for the exact dates).

As supervisor you are also required to file with the Faculty of Forestry a marking scheme which details the method of evaluation you plan to use to evaluate the student's performance. This marking scheme should be discussed and signed by yourself and the student and filed with our office before the student will be officially registered in the course. After this point, any changes to the marking scheme must be agreed upon by both parties and a copy filed with our office.

If you have any questions or concerns, please do not hesitate to contact Susan Lee, Acting Undergraduate Administrator (susanwy.lee@utoronto.ca, 416-978-5480).
